Trade-marks Journal

2018-05-16 — Vol. 65 No. 3316

Canada

Trade-marks Journal

Vol. 65 No. 3316

General Information

The *Trade-marks Journal* is published every week in compliance with Rule 15 of the *Trade-marks Regulations*. The Registrar of Trade-marks cannot guarantee the accuracy of this publication, nor assume any responsibility for errors or omissions or the consequence of these. All mail relating to trademarks should be addressed to the Registrar of Trade-marks, 50 Victoria Street, Gatineau, Quebec, Canada, K1A 0C9.

Electronic *Trade-marks Journal*

The *Trade-marks Journal* is available in electronic form on the CIPO web site (http://cipo.gc.ca). The *Journal* is available in PDF format and can be downloaded free of charge, viewed and printed with Adobe Acrobat Reader. The electronic form of the *Trade-marks Journal* is the official version.

The *Journal* is also available in a printable HTML format as an alternate official version, and contains a search function to narrow and customize the *Journal* content to user defined areas of interest.

Official Languages

The *Journal* is available in English and in French. The application details are displayed based on the language of the application. If the language of the application is English, the goods, services, or other text and description appearing in the English version of the Journal are in the language filed by the applicant. If the language of the application is French, the goods, services, or other text and description appearing in the English version of the Journal have been translated. Any registration resulting from the application will be restricted to these goods or services described therein.

Filing Dates

The filing date of each trademark application advertised in the *Trade-marks Journal*, including those to extend the statement of goods or services of an existing registration, is shown next to the application number in the sequence of Year, Month and Day.

Nice Classification

The *Journal* includes reference to the Nice classification when the goods or services of an application have been grouped and classed by the applicant in accordance with the current version and edition of the Nice Classification.

Opposition

Any person who has a valid ground of opposition (see section 38 of the *Trade-marks Act* for the grounds of opposition) to any application for registration of a trademark or to any application for registration of a trademark extending the statement of goods or services advertised in this *Trade-marks Journal* may file a statement of opposition with the Registrar of Trade-marks within two months from the date of issue of this publication. The prescribed fee must accompany the statement of opposition.

Goods

(1) Base metals and their alloys; base metals, raw or partial machined; aluminium; iron, raw or partial machined; copper, raw or partial machined; brass, raw or partial machined; steel, raw or partial machined; unprocessed and partial-processed common metal, not specified for use; sheets and plates of metal; cast iron raw or partial machined; ironmongery; iron castings; furnace fireguards of metal and component parts; chimney pots of metal and component parts; chimney cowls of metal and component parts; prefabricated chimneys of metal and component parts; chimney shafts of metal and component parts; chests of metal and component parts; paving slabs of metal; metal doors and component parts; metal door handles and component parts; metal latches and component parts; metal moulds for iron casting and component parts; foundry chill-moulds and component parts; aluminium moulds for iron casting and component parts.

(2) Machines and machine tools for treatment of materials and production, namely automated machines for the manufacture of cigarettes, bending machines for metalworking, boring machines for metalworking, cigarette machines for industrial purposes, cutting machines for metalworking, drilling machines for metalworking, gear cutting and finishing machines, grinding machines for the treatment of ceramics and metal, grinding machines for metalworking, honing machines for metalworking, industrial machine presses, lapping machines for metalworking, machine tool holders, machine tools for forming, riveting, swaging and flaring of metals and plastics and

component parts for the said goods; powered machines for cutting, shaping and finishing metals, paper, textiles, plastics and component parts; powered machine tools for the cutting and shaping of metals, paper, textiles, plastics and component parts; machines for manufacturing and dispensing packing material, power-operated meat mincers, electric meat grinders, metal sawing machines, saws and cutters and component parts for the said goods; machining centers, milling machines, milling machines and grinding machines for the treatment of ceramics and metal, milling machines for the treatment of ceramics and metal, milling machines for metalworking, milling-drilling machines, mixing machines for the treatment of waste water and component parts for the said goods; packing machines, packing machines and parts thereof, paper cutting machines, tobacco processing machines and component parts for the said goods; component parts for driving motors other than for land vehicles; component parts for machines for the textile industry, namely carding machines, chemical fiber drying machines, chemical fiber spinning machines, clothes washing machines, electric washing machines for industrial purposes, electric washing machines for household purposes, electrically-powered knitting machines, felt carding machines, felt milling machines, industrial sewing machines, knitting machines, mangles, sewing machines, textile calendaring machines, textile scutching machines, textile washing machines for industrial purpose, washing machines for clothes, washing machines for household purposes, yarn spinning machine, yarn stretching machines, yarn twisting machines, yarn winding machines; cylinders for industrial machinery and component parts; feeders for industrial machinery and component parts; moulds being component parts of injection moulding machines; gear box housings for torque converters other than for land vehicles and component parts; housings for machines other than for land vehicles, namely bearing housings, crankcase housings, housings for motors and engines other than for land vehicles and component parts for the said goods; housings for generators, namely AC generators, DC generators, electric generators, electric power generators, electricity generators, generators for industrial machinery, generators for wind turbines, generators of electricity, turbine generators and component parts for the said goods; gear box housings other than for land vehicles and component parts; housings for compressors, namely air compressors, air compressors for vehicles, compressors for industrial machinery, compressors for inflating tires, electric compressors, gas compressors and component parts for the said goods; machine parts, namely bearing housings and component parts; lids for bearings, namely component parts of engine bearings, wind turbines, roller bearings for machines; machine parts, namely shields for bearings in the nature of bearing housings and component parts; component parts for industrial robots; machine fly-wheels and component parts; pulleys being parts of machines and component parts; spinning boxes for open-end rotor spinning machines and component parts; component parts for yarn spinning machines, component parts for chemical fiber spinning machines; stators being parts of machines and component parts; motors, engines and drives for motors other than for land vehicles, including general or generic structural machine parts in this class and component parts; parts of motors and engines, namely, engine rods and component parts; cylinders for motors and engines and component parts; shaft couplings other than for land vehicles and component parts; parts for hydraulic turbines, wind turbines, turbines for generation of electricity, steam turbines and component parts for the said goods; metal frames for housing industrial machinery; columns for supporting industrial machinery; tables for machines being component parts of industrial machinery; pumps, namely compressed air pumps, diffusers used in machines for wastewater and clean water treatment, electric pumps, electrical water pumps, pump control valves, pump impellers, screw pumps, vacuum pumps and component parts for the said goods; component parts for pumps for machines, engines or motors; automatic vending machines and component parts.

(3) Apparatus and instruments for conducting, switching, transforming, storage, regulating or controlling electricity, namely electric accumulators, electric dynamic and static storage heaters; electrical distribution boxes; thermostats; room thermostats; test weights.

(4) Burners, namely oil and gas burners and component parts; gas boilers, furnace boilers, heating boilers, hot water boilers, electrical boilers and component parts for the said goods; heaters, namely gas patio heaters, gas water heaters and component parts for the said goods; individual heating and drying apparatus, namely, touchless hand dryers, pavement heating apparatus and component parts for the said goods; heating, ventilating, air conditioning and air purification units and component parts for the said goods; heating apparatus, namely stoves, gas stoves, coal stoves, portable tile stoves and wood stoves, pellet stoves, oil stoves and component parts for the said goods; sauna heaters and component parts; incinerators and component parts; residential and industrial furnaces and component parts for the said goods; domestic fireplace and component parts; structural plates for ovens for residential and industrial furnaces and component parts for the said goods; oven fittings made of fireclay for residential and industrial furnaces and component parts for the said goods; furnace grates being component parts of furnaces; portable electric heaters and component parts; electric heaters for solid fuels and component parts; electric heaters for liquid fuels and component parts; electric heaters for gaseous fuels and component parts; solid fuel, oil, gas and electric heating inserts and component parts for the said goods; gas fired heaters and component parts; electric heating apparatus, namely electric storage heaters for central or decentralized individual room heating and component parts for the said goods; direct electric heating apparatus, namely electric panel heaters and component parts; radiant heaters and component parts; infra-red heating apparatus, namely glass radiation convectors, glass radiation heaters and component parts for the said goods; convection heaters, namely quick heaters and component parts; heating elements and component parts; central heating radiators and component parts; radiators and component parts; electric radiators and component parts; heating apparatus, namely electric heating fans, electric patio heaters and component parts for the said goods; rapid heating apparatus, namely electric heating fans, electric patio heaters and component parts for the said goods; hot air apparatus, namely hot air blowers, electric hot air hand dryers and component parts for the said goods; electric fan heaters and component parts; air heaters, namely electric heating fans, electric patio heaters and component parts for the said goods; under floor heating and component parts; gas boilers and component parts; heating boilers and component parts; heat recovery units, namely heat recovery ventilators and component parts; storage heaters, namely heating and ventilation system and component parts; heat exchangers, not parts of machines and component parts; central hot water heating and component parts; chimney flues and component parts; air ventilation units for personal, commercial and industrial use and component parts for the said goods; electric fans for personal use and component parts; air conditioning units and component parts; air freshening apparatus, namely dispensing units for air fresheners, electric dispensers for air fresheners and component parts for the said goods; air deodorizing apparatus, namely electric air deodorizers and component parts; sauna bath installations namely saunas and component parts; electric water heaters for continuous flow heating and as hot water tank and component parts for the said goods; water heaters and component parts; cooking apparatus, namely electric yurt heaters and component parts; electric cooking apparatus, namely cooking ranges, electric cooking ovens and component parts for the said goods; fireplace hearths and component parts; cookers and component parts; rotisseries and component parts; charcoal barbecue grills and component parts; outdoor stoves and component parts; furnace ash boxes and component parts; central control unit for electric storage heaters and component parts; regulators as parts of apparatus and installations for ventilating, air conditioning and air purification, namely air pressure regulators, air volume flow regulators, air temperature regulators, air quality regulators and component parts for the said goods; control device for

ventilating, air conditioning and air purification units and component parts for the said goods; control units for ventilating, air conditioning and air purification units and component parts for the said goods; air volume flow regulators, air temperature regulators, air quality regulators, charge control, discharge control as part of heating installations for all heaters named in this class and component parts for the said goods; control units for heaters and heating systems and component parts for the said goods; regulating and safety accessories for apparatus and installations mentioned above, namely air pressure regulators, air volume flow regulators, air temperature regulators, air quality regulators and component parts for the said goods.

(5) Axle bridges being component parts of land vehicle axles; trailer hitches and component parts; parts for driving motors for land vehicles, namely component parts for engines for land vehicles; brake adjusters and component parts; housings for engines for land vehicles and component parts; housings for electric motors for land vehicles and component parts; housings for parts of land vehicles, other than for engines, namely gear boxes for land vehicles, axles, transmission cases for land vehicles, land vehicle drive gears, transaxles and component parts for the said goods; housings for torque converters for land vehicles and component parts; clutches for land vehicles and component parts; housings for transmissions for land vehicles and component parts; housings for reduction gears for land vehicles and component parts; couplings for land vehicles and component parts; parts for rolling stock for railways and component parts; parts for forklifts and component parts; vehicle parts, namely suspension struts and component parts; land vehicle console parts, namely wiring harnesses for control, monitoring and protection of industrial gasoline and diesel and electric engines and component parts for the said goods; land vehicle parts, namely deflection levers and component parts; pendulum bridges being structural chassis components for motor utility vehicles and component parts; land vehicle parts, namely, water boxes and component parts.

SERVICES

Treatment of materials, namely grinding, abrasion, welding, drilling of metals, enamelling of metals, machining of metal, metal treatment by laser beams; metal working; metal treatment, namely, enamelling, pressing, punching, shaping, forming, coating, finishing, stamping and cutting of metal; metal casting; contract moulding services namely custom molding of iron and metals for others; custom manufacturing of all kinds of parts of metal for industrial machinery and castings for others; custom assembling of all kinds of parts of metal for industrial machinery and castings for others.

CLAIMS

- Red, pink, orange
- White, grey, silver
- Black
- Blue
- Yellow, gold

Colour Claim
Colour is claimed as a feature of the trade-mark. The colours of red, white, black, blue, gray, orange and yellow are claimed as a feature of the mark. The mark consists of a man wearing a red, white, black and blue motorcycle outfit. The man is on a blue motorcycle that has gray accents, and a gray exhaust pipe. The man's helmet is black ad white with shades of red and blue. The gray sun visor on the helmet is covering the rider's face. The tires are black with gray rims and black spokes. The man is leaning to the right. The man and the bike are superimposed over an orange and yellow sunburst that is trimmed in red. The word CALIFORNIA, also superimposed

over the yellow and orange sunburst, is written above the drawing, and is red and trimmed in blue. The wording SUPERBIKE SCHOOL is written below the drawing in red trimmed in blue.

Class 35

(1) Retail sale services, namely, retail services featuring electronic goods, namely, computers, cell phones, electronic tablets, furniture, clothing, computer hardware, computer software, laptops, tablets, notebooks, handheld computers, wearable peripherals, namely, wearable smart wristbands, for playing computer and video games and for use with augmented and virtual reality software applications, wearable mobile electronic devices, namely, head mounted screens, smartwatches, electronic devices worn on the wrist, around the neck and different parts of the body, computer mice, computer keyboards, computer keypads, computer pens, computer joysticks, computer trackballs, flight yokes for computer and video games, steering wheels for computer and video games, accelerator pedals and brake pedals for computer and video games, guns for computer and video games, motion sensors for computer and video games, eyewear, digital eyewear, handheld gaming devices, namely, handheld video game machines, parts and components for the wearable computer peripherals, namely wearable smart wristbands which can be connected to computers, laptops, tablets, smart phones and head mounted screen device by wireless technology, computer and video games, apparel, namely, casual clothing, sportswear, athletic gear, jackets, windbreakers, outerwear, gloves, polo shirts, t-shirts, hoodies, head bands, hats, beanies, shawls, caps, bags, cases and sleeves for laptops, tablets, notebooks, wearable computer peripherals, namely, location-aware and context-aware wearable smart wristbands, wearable computers and GPS-enabled wearables, handheld computers and other electronics namely, computer mice, computer keyboards, computer keypads, and video game controllers, excluding retail sale of razors; demonstration of goods and services, namely, sales demonstration for others; online retail services, namely, computerized online retail featuring general merchandise and general consumer goods, namely, jewellery, headgear, furnishings, home appliances, preparations for making beverages, beverages and foodstuffs, electronic goods, namely, computers, cell phones, electronic tablets and power adapters, furniture, clothing, computer hardware, computer software, laptops, tablets, notebooks, handheld computers, wearable computer peripherals , namely, wearable smart wristbands, for playing computer and video games and for use with augmented and virtual reality software application, wearable mobile electronic devices, namely, head mounted screen devices, smartwatches, electronic devices worn on the wrist, around the neck and different parts of the body, mobile phones, computer mice, computer keyboards, computer keypads, computer pens, computer joysticks, computer trackballs, flight yokes for computer and video games, steering wheels for computer and video games, accelerator

pedals and brake pedals for computer and video games, guns for computer and video games, motion sensors for computer and video games, eyewear, digital eyewear, handheld gaming devices, namely, handheld video game machines, parts and components for wearable computer peripherals, namely wearable smart wristbands which can be connected to computers, laptops, tablets, smart phones and head mounted screen device by wireless technology, computer and video games, apparel, namely, casual clothing, sportswear, athletic gear, jackets, windbreakers, outerwear, gloves, polo shirts, t-shirts, hoodies, head bands, hats, beanies, shawls, caps, bags, cases and sleeves for laptop, tablets, notebooks, handheld computers and video game controllers, wearable computer peripherals, namely, location-aware and context-aware wearable smart wristbands, wearable computers and GPS-enabled wearables, excluding razors; the bringing together, for the benefit of others, of a variety of goods (excluding the transport thereof), enabling customers to conveniently view and purchase those goods from a general merchandise web site in the global communications network, namely computerized online searching, ordering and purchasing services featuring general merchandise and general consumer goods, namely, jewellery, headgear, furnishings, home appliances, preparations for making beverages, beverages and foodstuffs, electronic goods, namely, computers, cell phones, electronic tablets and power adapters, furniture, clothing, computer hardware, computer software, laptops, tablets, notebooks, handheld computers, wearable computer peripherals , namely, wearable smart wristbands, for playing computer and video games and for use with augmented and virtual reality software application, wearable mobile electronic devices, namely, head mounted screen devices, smartwatches, electronic devices worn on the wrist, around the neck and different parts of the body, mobile phones, computer mice, computer keyboards, computer keypads, computer pens, computer joysticks, computer trackballs, flight yokes for computer and video games, steering wheels for computer and video games, accelerator pedals and brake pedals for computer and video games, guns for computer and video games, motion sensors for computer and video games, eyewear, digital eyewear, handheld gaming devices, namely, handheld video game machines, parts and components for wearable computer peripherals, namely wearable smart wristbands which can be connected to computers, laptops, tablets, smart phones and head mounted screen device by wireless technology, computer and video games, apparel, namely, casual clothing, sportswear, athletic gear, jackets, windbreakers, outerwear, gloves, polo shirts, t-shirts, hoodies, head bands, hats, beanies, shawls, caps, bags, cases and sleeves for laptop, tablets, notebooks, handheld computers and video game controllers, wearable computer peripherals, namely, location-aware and context-aware wearable smart wristbands, wearable computers and GPS-enabled wearables, excluding razors; advertising the goods and services of others; administrative processing of purchase orders; customer service management; advisory services relating to customer service, namely, advice and information about customer services and product management and prices on Internet sites in connection with purchases made over the Internet

(2) retail store services, namely, department and convenience store services, excluding retail sale of razors

(3) Retail sale services, namely, retail services featuring electronic goods, namely, computers, cell phones, electronic tablets, furniture, clothing, computer hardware, computer software, laptops, tablets, notebooks, handheld computers, wearable peripherals, namely, wearable smart wristbands, for playing computer and video games and for use with augmented and virtual reality software applications, wearable mobile electronic devices, namely, head mounted screens, smartwatches, electronic devices worn on the wrist, around the neck and different parts of the body, computer mice, computer keyboards, computer keypads, computer pens, computer joysticks, computer trackballs, flight yokes for computer and video games, steering wheels for computer and video games, accelerator pedals and brake pedals for computer and video games,

guns for computer and video games, motion sensors for computer and video games, eyewear, digital eyewear, handheld gaming devices, namely, handheld video game machines, parts and components for the wearable computer peripherals, namely wearable smart wristbands which can be connected to computers, laptops, tablets, smart phones and head mounted screen device by wireless technology, computer and video games, apparel, namely, casual clothing, sportswear, athletic gear, jackets, windbreakers, outerwear, gloves, polo shirts, t-shirts, hoodies, head bands, hats, beanies, shawls, caps, bags, cases and sleeves for laptops, tablets, notebooks, wearable computer peripherals, namely, location-aware and context-aware wearable smart mounted wristbands, wearable computers and GPS-enabled wearables, handheld computers and other electronics namely, computer mice, computer keyboards, computer keypads, and video game controllers; Retail store services, namely, department and convenience store services, excluding retail sale of razors; demonstration of goods and services, namely, sales demonstration for others; online retail services, namely, computerized online retail featuring general merchandise and general consumer goods, namely, jewellery, headgear, furnishings, home appliances, preparations for making beverages, beverages and foodstuffs, electronic goods, namely, computers, cell phones, electronic tablets and power adapters, furniture, clothing, computer hardware, computer software, laptops, tablets, notebooks, handheld computers, wearable computer peripherals, namely, wearable smart wristbands, for playing computer and video games and for use with augmented and virtual reality software application, wearable mobile electronic devices, namely, head mounted screen devices, smartwatches, electronic devices worn on the wrist, around the neck and different parts of the body, mobile phones, computer mice, computer keyboards, computer keypads, computer pens, computer joysticks, computer trackballs, flight yokes for computer and video games, steering wheels for computer and video games, accelerator pedals and brake pedals for computer and video games, guns for computer and video games, motion sensors for computer and video games, eyewear, digital eyewear, handheld gaming devices, namely, handheld video game machines, parts and components for wearable computer peripherals, namely wearable smart wristbands which can be connected to computers, laptops, tablets, smart phones and head mounted screen device by wireless technology, computer and video games, apparel, namely, casual clothing, sportswear, athletic gear, jackets, windbreakers, outerwear, gloves, polo shirts, t-shirts, hoodies, head bands, hats, beanies, shawls, caps, bags, cases and sleeves for laptop, tablets, notebooks, handheld computers and video game controllers, wearable computer peripherals, namely, location-aware and context-aware wearable smart wristbands, wearable computers and GPS-enabled wearables, excluding razors; the bringing together, for the benefit of others, of a variety of goods (excluding the transport thereof), enabling customers to conveniently view and purchase those goods from a general merchandise web site in the global communications network, namely computerized online searching, ordering and purchasing services featuring general merchandise and general consumer goods, namely, jewellery, headgear, furnishings, home appliances, preparations for making beverages, beverages and foodstuffs, electronic goods, namely, computers, cell phones, electronic tablets and power adapters, furniture, clothing, computer hardware, computer software, laptops, tablets, notebooks, handheld computers, wearable computer peripherals , namely, wearable smart wristbands, for playing computer and video games and for use with augmented and virtual reality software application, wearable mobile electronic devices, namely, head mounted screen devices, smartwatches, electronic devices worn on the wrist, around the neck and different parts of the body, mobile phones, computer mice, computer keyboards, computer keypads, computer pens, computer joysticks, computer trackballs, flight yokes for computer and video games, steering wheels for computer and video games, accelerator pedals and brake pedals for computer and video games, guns for computer and video games, motion sensors for computer and video games, eyewear, digital eyewear, handheld gaming devices, namely, handheld video game machines, parts and components for wearable computer peripherals, namely wearable smart wristbands which can be connected to computers, laptops, tablets, smart phones and head mounted screen device by wireless technology, computer and video games, apparel, namely, casual clothing, sportswear, athletic gear, jackets, windbreakers, outerwear, gloves, polo shirts, t-shirts, hoodies, head bands, hats, beanies, shawls, caps, bags, cases and sleeves for laptop, tablets, notebooks, handheld computers and video game controllers, wearable computer peripherals, namely, location-aware and context-aware wearable smart wristbands, wearable computers and GPS-enabled wearables, excluding razors; advertising the goods and services of others; administrative processing of purchase orders; customer service management; advisory services relating to customer service, namely, advice and information about customer services and product management and prices on Internet sites in connection with purchases made over the Internet

CLAIMS

Used in CANADA since at least as early as February 24, 2015 on services (1). Priority Filing Date: SINGAPORE May 22, 2015, Application No: 40201508720P in association with the same kind of services (1), (2). Used in TAIWAN on services (3). Registered in or for SINGAPORE on May 22, 2015 under No. 40201508720P on services (3). Proposed Use in CANADA on services (2)

Goods

Class 01

(1) Reagents for use in automated test systems for detection and analysis of single molecules for use in the fields of genomics, protein analysis, molecular analysis, life sciences, healthcare, security and defence; reagents for analytical tests on samples for the presence of narcotics, pollutants, poisons, pharmaceuticals, explosives, and bleaches; reagents for use in molecular biology, biotechnology, microbiology, and bacteriology; reagents for nucleic acid amplification; reagents for use in forensic analysis; reagents for blood grouping; reagents for use in environmental testing and environmental analysis; reagents for testing water and biological fluids, namely blood, saliva, urine, interstitial fluid, serum, plasma, semen, tears, bile fluid, spinal fluid, amniotic fluid; reagents for testing aqueous media for use in the fields of genomics, protein analysis, molecular analysis, life sciences, healthcare, security and defence; deoxyribonucleic acid, single stranded and double stranded deoxyribonucleic acid; ribonucleic acid; peptide nucleic acids; locked nucleic acids; nucleic acids; oligonucleotides; oligosaccharides; peptide nucleic acids; chemicals, enzymes and reagents for use in genome, DNA, RNA and nucleic acid synthesis; endonucleases, polymerases, ligases, glycosylases; nucleotides, pyrimidines, purines; amino acids; saccharides; reagents for use in processing biological elements prior to their use with and analysis by scientific apparatus; reagents for use in nucleic acid characterisation and nucleic acid sequencing; reagents for protein identification and analysis; chemicals for use in tests to detect diseases in plant life; reagents for formation of amphipathic membranes; chemical buffer solutions; isopropanol; ethanol; phenol; non-aqueous media for use in the fields of genomics, protein analysis, molecular analysis, life sciences, healthcare, security and defence; silicone oils for use in laboratories and scientific tests; silicone fluids for use in laboratories and scientific tests; lytic enzymes, namely lysozyme, lyticase and cellulose; proteases; nucleases, namely RNase, DNase and restriction enzymes; chaotropes, namely guanidine-HCl and guanidinium thiocyanate; detergents for industrial and scientific use; all the aforesaid other than for medical or veterinary purposes; magnetic and non-magnetic microspheres made from synthetic materials, namely rubber, plastics or silicone, namely beads for use in scientific research

Class 05

(2) Reagents for use in blood grouping, molecular biology, bacteriological, biotechnology and microbiological analysis, namely reagents for formation of amphipathic membranes, non-aqueous

media, namely non-aqueous solutions, solvents and surfactants for medical and veterinary use; reagents for medical and veterinary diagnosis and medical and veterinary research; reagents for laboratory tests for medical and veterinary purposes; nucleic acid amplification reagents for veterinary, medical, medical research and forensic use; reagents for immunoassay analysers; reagents for testing for susceptibility to allergies; reagents for use in nucleic acid characterisation and nucleic acid sequencing; reagents for protein identification and analysis; reagents for formation of amphipathic membranes; proteins for use in tests for medical and veterinary purposes; magnetic and non-magnetic microspheres made from synthetic materials, namely rubber, plastics and silicone, namely, beads for medical and veterinary purposes; magnetic and non-magnetic microspheres made from synthetic materials, namely rubber, plastics or silicone, namely beads for use in medical research

Class 09

(3) Sensors used in electronic scientific equipment for detecting, manipulating and analysing biological, bacteriological, chemical and biochemical matter and DNA, RNA, proteins, polynucleic acids and small molecules; micro-array chips; scientific instruments and portable scientific instruments for automating the preparation and testing of biological, bacteriological, chemical and biochemical material and DNA, RNA, proteins, polynucleic acids and small molecules; scientific apparatus, namely, an electronic device for sequencing DNA, RNA, proteins and polynucleic acids; Electronic devices, namely, computer hardware for analysing and recording data obtained from scientific experiments and tests; an electronic device for displaying information obtained from scientific equipment, namely, scientific instruments and portable scientific instruments for automating the preparation and testing of biological, bacteriological, chemical and biochemical material and DNA, RNA, proteins, polynucleic acids and small molecules; silicon chips; microarray chips; apparatus and instruments for use in laboratory analysis, namely, empty cartridges for test samples, not for medical purposes; batteries, rechargeable batteries, battery chargers and power packs for use with electronic scientific equipment; computer docking stations; apparatus for connecting and charging portable digital electronic devices, namely cables; parts and fittings for all the aforesaid scientific instruments and portable scientific instruments

Class 10

(4) Cartridges for test samples, for medical purposes; scientific apparatus containing chemical or biological reagents for the preparation and testing of chemical reactions and analysing biological, bacteriological, chemical and biochemical material and DNA, RNA, proteins, polynucleic acids and small molecules for medical purposes

SERVICES

Class 42

Scientific and technological consultation services and research and design of automated instruments, computer hardware and computer software for detection and analysis of molecules for use in the fields of genomics, protein analysis, molecular analysis, life sciences, health care, security and defence; industrial analysis and research services in the fields of genomics, protein analysis, molecular analysis, life sciences, health care, security and defence; scientific research for chemical analysis, biochemical analysis, biological analysis, bacteriological, medical and veterinary purposes; biological, chemical, biochemical, bacteriological DNA, RNA, protein, polynucleic acid and molecular analysis services; DNA and RNA and polynucleic acid sequences services; protein sequencing services; design and development of instruments and apparatus for biological, chemical, biochemical, DNA, RNA, protein and molecular analysis; laboratory testing services in the fields of genomics, protein analysis, molecular analysis, RNA and DNA analysis, and nanopore analysis; DNA and polynucleic acid testing services; genome sequencing services; information and advice regarding all the aforesaid services

- Quadrilaterals containing one or more letters
- Quadrilaterals with dark surfaces or parts of surfaces

Goods

(1) Computer software for operating games of chance; gaming software that generates or displays wager outcomes; computer game software for operating casino type games; computer software for operating interactive video casino type games.

(2) Slot machines; gambling machines; electronic gaming machines for gambling; software for use in connection with playing games on slot machines, gambling machines, electronic gaming machines for gambling; gaming machines, namely, devices which accept a wager; reconfigurable

casino gaming machines and operational game software therefor sold as a unit; casino gaming equipment, namely, devices for shuffling playing cards, devices for sorting, stacking, and verifying casino tokens and chips, and spare parts therefor; electronic table games; electronic gaming tables featuring multiple player betting interfaces enabling wagering on a communal wagering game and parts therefor.

(3) Lottery tickets, instant lottery tickets and scratch-off game cards; gaming equipment, namely video lottery terminals and electronic terminals for an electronic lottery system which generates lottery tickets.

SERVICES

Gaming services in the nature of casino gaming; non-downloadable games of chance and casino type computer games played via the Internet and on mobile devices; entertainment services, namely, providing live table games of chance, and mobile and online computer games for players of play-for-fun and real money games; providing live table games of chance and online games of chance featuring progressives, bonuses and side bets. Entertainment services, namely, providing mobile and online computer games for players of play-for-fun and real money games; entertainment, game and gaming services, namely, providing online games; providing online games of chance featuring progressives, bonuses and side bets. Lottery game management, consulting and security advising services in the field of lotteries.

Goods

Class 09

Remote control apparatus, namely telemetering machines and apparatus consisting of sensors, transmitters, receivers, data processors and controllers for the remote control of industrial operations in the mining, minerals processing, aggregate, recycling, chemical, oil and gas, power generation, water supply, waste and wastewater treatment, pulp and paper, food processing and industrial fluid pumping industries; electronic sensors, namely electronic sensors for monitoring the condition and performance of machines and equipment used in the mining, minerals processing, aggregate, recycling, chemical, oil and gas, power generation, water supply, waste and wastewater treatment, pulp and paper, food processing and industrial fluid pumping industries; electronic monitoring systems comprised of meters and sensors that monitor the condition and performance of machines and equipment used in the mining, minerals processing, aggregate, recycling, chemical, oil and gas, power generation, water supply, waste and wastewater treatment, pulp and paper, food processing and industrial fluid pumping industries; electronic control apparatus, namely electronic control systems for machines used in the mining, minerals processing, aggregate, recycling, chemical, oil and gas, power generation, water supply, waste and wastewater treatment, pulp and paper, food processing and industrial fluid pumping industries; telemetry apparatus, namely telemeters; data processing equipment used in the mining, minerals processing, aggregate, recycling, chemical, oil and gas, power generation, water supply, waste and wastewater treatment, pulp and paper, food processing and industrial fluid pumping industries, namely devices which collect and convert data into information about the condition and performance of machines and equipment, transmit the data to central processing facilities, and receive data transmissions directed to the machines and equipment; portable and handheld electronic devices, namely, personal digital assistants for receiving, recording, organising, transmitting, and manipulating data, for use with electronic sensors that monitor the condition and performance of machines and equipment used in the mining, minerals processing, aggregate, recycling, chemical, oil and gas, power generation, water supply, waste and wastewater treatment, pulp and paper, food processing and industrial fluid pumping industries; computer hardware and software for collecting, organising, analysing and reporting data on the condition and performance of industrial equipment and processes in the mining, minerals processing, aggregate, recycling, chemical, oil and gas, power generation, water supply, waste and wastewater treatment, pulp and paper, food processing and industrial fluid pumping industries; computer hardware and software for monitoring, controlling, tracking and analysing the condition and performance of industrial equipment and processes in the mining, minerals processing, aggregate, recycling, chemical, oil and gas, power generation, water supply, waste and wastewater treatment, pulp and paper, food processing and industrial fluid pumping industries; computer hardware and software for asset management, namely for deploying, operating, maintaining, upgrading, and disposing of machines and equipment and managing inventory and logistics of machines and equipment used in industrial operations in the mining, minerals processing, aggregate, recycling, chemical, oil and gas, power generation, water supply, waste and wastewater treatment, pulp and paper, food processing and industrial fluid pumping industries; computer hardware and software for use in predictive and prescriptive analytics based on data collected on the condition and performance of machines and equipment used in the mining, minerals processing, aggregate, recycling, chemical, oil and gas, power generation, water supply, waste and wastewater treatment, pulp and paper, food processing and industrial fluid pumping industries; computer hardware and software for generation of predictive and preventative maintenance reports based on analysis of data collected on the condition and performance of industrial equipment and processes in the mining, minerals processing, aggregate, recycling, chemical, oil and gas, power generation, water supply, waste and wastewater treatment, pulp and paper, food processing and industrial fluid pumping industries; telematic apparatus consisting of remote control and telemonitoring apparatus consisting of sensors, meters, transmitters, receivers, data processors and controllers which provide telematics services in the mining, minerals processing, aggregate, recycling, chemical, oil and gas, power generation, water supply, waste and wastewater treatment, pulp and paper, food processing and industrial fluid pumping industries; computer hardware and software used in the field of telematics, namely, sending, receiving and storing information on the condition and performance of industrial equipment and processes in the mining, minerals processing, aggregate, recycling, chemical, oil and gas, power generation, water supply, waste and wastewater treatment, pulp and paper, food processing and industrial fluid pumping industries, tracking, and monitoring the condition and performance of industrial equipment and processes in the mining, minerals processing, aggregate, recycling, chemical, oil and gas, power generation, water supply, waste and wastewater treatment, pulp and paper, food processing and industrial fluid pumping industries, and remote controlling of industrial equipment and processes in the mining, minerals processing, aggregate, recycling, chemical, oil and gas, power generation, water supply, waste and wastewater treatment, pulp and paper, food processing and industrial fluid pumping industries.

SERVICES

Class 35

(1) On-line services, namely ordering machines and equipment for industrial operations in the mining, minerals processing, aggregate, recycling, chemical, oil and gas, power generation, water supply, waste and wastewater treatment, pulp and paper, food processing and industrial fluid pumping industries; logistics management in the field of industrial equipment, namely planning, implementing and controlling the flow and storage of machines and equipment used in industrial operations in the mining, minerals processing, aggregate, recycling, chemical, oil and gas, power generation, water supply, waste and wastewater treatment, pulp and paper, food processing and industrial fluid pumping industries from the point of purchase; industrial asset management services, namely deploying, operating, maintaining, upgrading, and disposing of machines and equipment and managing inventory and logistics of machines and equipment used in industrial operations in the mining, minerals processing, aggregate, recycling, chemical, oil and gas, power generation, water supply, waste and wastewater treatment, pulp and paper, food processing and industrial fluid pumping industries.

Class 42

(2) Providing on-line non-downloadable software for collecting, organising, analysing and reporting data on the condition and performance of industrial equipment and processes in the mining, minerals processing, aggregate, recycling, chemical, oil and gas, power generation, water supply, waste and wastewater treatment, pulp and paper, food processing and industrial fluid pumping industries; providing on-line non-downloadable software for monitoring, controlling, tracking and analysing the condition and performance of industrial equipment and processes in the mining, minerals processing, aggregate, recycling, chemical, oil and gas, power generation, water supply, waste and wastewater treatment, pulp and paper, food processing and industrial fluid pumping industries; providing on-line non-downloadable software for inventory management in the mining, minerals processing, aggregate, recycling, chemical, oil and gas, power generation, water supply, waste and wastewater treatment, pulp and paper, food processing and industrial fluid pumping industries; providing information technology that allows users to enter, access, and synthesize information relating to their industrial operations in the mining, minerals processing, aggregate, recycling, chemical, oil and gas, power generation, water supply, waste and wastewater treatment, pulp and paper, food processing and industrial fluid pumping industries, and generate reports based on this data and data collected on the condition and performance of machines and equipment via an interactive website; providing on-line non-downloadable software for collecting, evaluating and analysing service history data, namely data relating to the history of maintenance and repair of machines and equipment used in the mining, minerals processing, aggregate, recycling, chemical, oil and gas, power generation, water supply, waste and wastewater treatment, pulp and paper, food processing and industrial fluid pumping industries; providing on-line non-downloadable software for certification and recertification of materials used in machines and equipment used in the mining, minerals processing, aggregate, recycling, chemical, oil and gas, power generation, water supply, waste and wastewater treatment, pulp and paper, food processing and industrial fluid pumping industries; providing information technology that gives members the ability to forecast the life of machines and equipment used in industrial operations in the mining, minerals processing, aggregate, recycling, chemical, oil and gas, power generation, water supply, waste and wastewater treatment, pulp and paper, food processing and industrial fluid pumping industries via a secured-access, members only website; providing on-line non-downloadable software which allows users to troubleshoot issues relating to the condition and performance of machines and equipment used in the mining, minerals processing, aggregate, recycling, chemical, oil and gas, power generation, water supply, waste and wastewater treatment, pulp and paper, food processing and industrial fluid pumping industries; providing on-line non-downloadable software for use in predictive and prescriptive analytics based on data collected on the condition and performance of machines and equipment used in the mining, minerals processing, aggregate, recycling, chemical, oil and gas, power generation, water supply, waste and wastewater treatment, pulp and paper, food processing and industrial fluid pumping industries; providing on-line non-downloadable software for generation of predictive and preventative maintenance reports based on analysis of data collected on the condition and performance of industrial equipment and processes in the mining, minerals processing, aggregate, recycling, chemical, oil and gas, power generation, water supply, waste and wastewater treatment, pulp and paper, food processing and industrial fluid pumping industries; providing on-line non-downloadable software in the field of telematics, namely, for sending, receiving and storing information on the condition and performance of industrial equipment and processes in the mining, minerals processing, aggregate, recycling, chemical, oil and gas, power generation, water supply, waste and wastewater treatment, pulp and paper, food processing and industrial fluid pumping industries, tracking and monitoring the condition and performance of industrial equipment and processes in the mining, minerals processing, aggregate, recycling, chemical, oil and gas, power generation, water supply, waste and wastewater treatment, pulp and paper, food processing and industrial fluid pumping industries,

and remote controlling of industrial equipment and processes in the mining, minerals processing, aggregate, recycling, chemical, oil and gas, power generation, water supply, waste and wastewater treatment, pulp and paper, food processing and industrial fluid pumping industries; on-line services, namely inventory monitoring for industrial equipment used in the mining, minerals processing, aggregate, recycling, chemical, oil and gas, power generation, water supply, waste and wastewater treatment, pulp and paper, food processing and industrial fluid pumping industries; industrial asset monitoring services, namely monitoring the condition and performance of machines and equipment used in the mining, minerals processing, aggregate, recycling, chemical, oil and gas, power generation, water supply, waste and wastewater treatment, pulp and paper, food processing and industrial fluid pumping industries.

SUPERMALT ORIGINAL THE NON-ALCOHOLIC QUALITY MALT DRINK WITH B VITAMINS BEST BEFORE

Image Description (Vienna)

- Ears of cereals (wheat, rye, barley, etc.), ears of maize, ears of sorghum
- Backgrounds divided into two, horizontally
- Rectangles
- Other irregular parallelograms, trapezia and quadrilaterals, quadrilaterals containing one or more rounded corners
- One quadrilateral
- Quadrilaterals containing representations of animals or parts of animals' bodies or plants
- Quadrilaterals containing one or more letters
- Quadrilaterals with dark surfaces or parts of surfaces
- Red, pink, orange
- White, grey, silver
- Yellow, gold

Colour Claim

Colour is claimed as a feature of the trademark. The mark consists of the wording 'SUPERMALT' in the color red. The words 'ORIGINAL' and 'THE NON-ALCOHOLIC QUALITY MALT DRINK WITH B VITAMINS' are white on a red background. The words 'BEST BEFORE' are orange on a red background. The background of the geometric design is white at the top, orange in the middle and red at the bottom with outlined borders in the colors red and white. The center portion of geometric design is orange with four of the ears of grain colored in yellow and the middle ear of grain is white. Each of the five ears of grain have orange lining to accent the grains. The symbol R in a circle on the top right hand corner is red as well as the numbers 103036 to the right of the fifth ear of grain. The numbers 330ml are orange.

Colour Claim

Colour is claimed as a feature of the trademark. The oval design is outlined by the colour gold. The interior of the oval design is green. The top and bottom portions of the oval design have white curves between the gold outline and the green interior. The words TRADITIONALLY BREWED LAGER BEER SINCE 1758 and the stripes adjacent to the S in the word SINCE and the number 8 in the year 1758 are white. The crest portion at the top center of the oval design consists of a design of three lions, a crown and a shield all of which are gold and outlined in dark green. The left and right designs of the lions contain dark gold shading on the mane of the lions as well as on the legs of the lions. The design of a shield in the center of the crest design is red and outlined in gold. The banner through the center of the oval design is dark green with the word HOLLANDIA in white. The dark green banner contains a white pattern surrounding the outer portion of the banner. The bottom portion of the oval design contains three circular designs. The first circular design to the left is outlined in gold with a green center and a gold design of leaves in the interior. The words FINEST QUALITY HOPS are in white. The second circular design is outlined in gold with an interior outline of dark green containing the words PREMIUM QUALITY BEER SINCE 1758 in white. The inner portion of the second design is gold with the lion design being dark green. The third circular design on the right is outlined in gold with the words SELECTED QUALITY GRAINS in white. The inner portion of the third circular design is dark green with the depictions of a sun, wheat and lines in gold.

magnetic data carriers, namely video tapes, namely, pre-recorded video tapes on the subjects of sports, entertainment, music, culture, lifestyle, current events news and energy drinks and parts and fittings for all the aforementioned goods and special purpose containers of leather, metal, plastic, textiles and paper, namely cases, sheaths and housings for all the aforementioned goods; recording discs, namely blank recordable optical discs, CDs and DVDs; blank compact discs and DVDs and parts and fittings for all the aforementioned goods and special purpose containers of leather, metal, plastic, textiles and paper, namely cases, sheaths and housings for all the aforementioned goods; pre-recorded compact discs and DVDs, containing music, radio podcasts, ringtones for mobile telephones, photos, illustrations, animations, icons, backgrounds, web page borders, films, entertainment videos in the field of sports, culture, lifestyle, news, nature, science and history, pop culture, religion, people, nutrition, fitness, advertising spots, music videos, promotional clips, film trailers, film previews, television show previews and parts and fittings for all the aforementioned goods and special purpose containers of leather, metal, plastic, textiles and paper, namely cases, sheaths and housings for all the aforementioned goods; DVDs and other digital recording media, namely, DVD recorders, digital video recorders and parts and fittings for all the aforementioned goods and special purpose containers of leather, metal, plastic, textiles and paper, namely cases, sheaths and housings for all the aforementioned goods; video tapes; portable media players, namely mobile telephones and mp3 players and parts and fittings for all the aforementioned goods and special purpose containers of leather, metal, plastic, textiles and paper, namely cases, sheaths and housings for all the aforementioned goods; mechanisms for coin-operated apparatus; cash registers; calculating machines, namely, calculators; data processing equipment, namely, card punching and sorting machines for data processing, printers, plotters, scanners and computers; computers and parts and fittings for all the aforementioned goods and special purpose containers of leather, metal, plastic, textiles and paper, namely cases, sheaths and housings for all the aforementioned goods; computer software in the field of electronic games, entertainment, music, culture, sports, namely, computer software for organizing and viewing digital images and photographs, computer software that allows transmission of graphics to mobile telephones, computer software to enhance audio visual capabilities of multimedia applications for integration of text, audio, graphics, still images and moving pictures, computer operation systems for entertainment, computer software for editing text files, audio files, video files, image files and websites, computer software for creating and editing computer graphics, computer software for assisting developers in creating program code for use in multiple application programs, computer software for translating documents from one language to another, computer software used for backing up electronic data; fire-extinguishing apparatus, namely, fire extinguishers; automatic cash dispensing machines; ticket dispensers; automatic photographic booths; machine readable data carriers with programs installed namely, optical and magnetic data carriers containing computer software in the field of electronic games, entertainment, music, culture, sports, adventure, travel, namely, computer software for organizing and viewing digital images and photographs, computer software that allows transmission of graphics to mobile telephones, computer software to enhance audio visual capabilities of multimedia applications for integration of text, audio, graphics, still images and moving pictures and parts and fittings for all the aforementioned goods and special purpose containers of leather, metal, plastic, textiles and paper, namely cases, sheaths and housings for all the aforementioned goods; electronic publications (downloadable), namely, books, journals, magazines, instructional and teaching manuals in the field of sports, culture, music, lifestyle, news, nature, science, people, pop culture, religion, adventure, travel, history and entertainment, newsletters, newspapers, periodicals, reports; computer software for organizing and viewing digital images and photographs; mouse pads; navigation apparatus for vehicles, namely, Global Positioning Systems (GPS), consisting of computers, computer software, transmitters, receivers and network interface devices; protective clothing, namely, fire protective clothing, sun protective clothing; protective spectacles and parts and fittings for all the aforementioned goods and special purpose containers of leather, metal, plastic, textiles and paper, namely cases, sheaths and housings for all the aforementioned goods; protective masks, namely, divers masks, and fencing masks; protective helmets, in particular for sports purposes and parts and fittings for all the aforementioned goods and special purpose containers of leather, metal, plastic, textiles and paper, namely cases, sheaths and housings for all the aforementioned goods; protective shields, including ear, body and face protective shields and parts and fittings for all the aforementioned goods and special purpose containers of leather, metal, plastic, textiles and paper, namely cases, sheaths and housings for all the aforementioned goods; spectacles and parts and fittings for all the aforementioned goods and special purpose containers of leather, metal, plastic, textiles and paper, namely cases, sheaths and housings for all the aforementioned goods; spectacle frames; spectacle cases; sunglasses and parts and fittings for all the aforementioned goods and special purpose containers of leather, metal, plastic, textiles and paper, namely cases, sheaths and housings for all the aforementioned goods; goggles for sports and parts and fittings for all the aforementioned goods and special purpose containers of leather, metal, plastic, textiles and paper, namely cases, sheaths and housings for all the aforementioned goods; headphones and parts and fittings for all the aforementioned goods and special purpose containers of leather, metal, plastic, textiles and paper, namely cases, sheaths and housings for all the aforementioned goods; marking buoys; life buoys; signalling buoys; wind socks for indicating wind direction; magnets, namely, fridge magnets, industrial magnets, craft magnets, pain relief magnets and decorative magnets; luminous signs; magnetically encoded identification bracelets; computer central processing units; chips (integrated circuits), namely computer chips and mobile phone chips; recorded computer operating programs; computer peripheral devices, namely, computer keyboards, monitors, printers, scanners, joysticks, microphones, TV screens, external hard drives, CD-ROM drives, media card readers, cameras, digital camcorders, digital sound and video mixers, and modems and parts and fittings for all the aforementioned goods and special purpose containers of leather, metal, plastic, textiles and paper, namely cases, sheaths and housings for all the aforementioned goods; data processing apparatus, namely, card punching and sorting machines for data processing; electronic notice boards; hands free kits for phones; laptop computers and parts and fittings for all the aforementioned goods and special purpose containers of leather, metal, plastic, textiles and paper, namely cases, sheaths and housings for all the aforementioned goods; loudspeakers and parts and fittings for all the aforementioned goods and special purpose containers of leather, metal, plastic, textiles and paper, namely cases, sheaths and housings for all the aforementioned goods; magnetic data media, namely, floppy disks, hard disks; telephone apparatus, namely, telephones, answering machines, and mobile phones and parts and fittings for all the aforementioned goods and special purpose containers of leather, metal, plastic, textiles and paper, namely cases, sheaths and housings for all the aforementioned goods; television apparatus, namely, televisions, television antennas, picture tubes, and television receivers; video game cartridges; Electrical wire connectors; wires, electric; remote control apparatus, namely, remote controls for stereos, televisions, DVD players, dimmers, video game consoles, cameras, computers and optical disc drive players and parts and fittings for all the aforementioned goods and special purpose containers of leather, metal, plastic, textiles and paper, namely cases, sheaths and housings for all the aforementioned goods; video screens; recorded content, namely, pre-recorded compact discs, DVDs, digital downloads, flash drives, memory cards and portable hard disks containing entertainment videos in the field of sports, culture, lifestyle, news, people, pop culture, religion, nature, science, history, adventure and travel; Information technology and audiovisual equipment, namely audio speakers, audio amplifiers, audio mixers, microphones, microphone stands, mixing consoles and tape recorders and parts and fittings for all the aforementioned goods and special purpose containers of leather, metal, plastic, textiles and paper, namely cases, sheaths and housings for all the aforementioned goods; magnetizers and demagnetizers; devices for treatment using electricity, namely, muscle stimulators and lasers for use in the treatment of cancer; apparatus, instruments and cables for electricity, namely, electrical cabling, electrical conductors, electrical connectors, electrical couplings, electrical reactors, electrical transformers; optical devices, enhancers and correctors, namely, optical filters, optical sensors, optical lenses, optical reflectors and parts and fittings for all the aforementioned goods and special purpose containers of leather, metal, plastic, textiles and paper, namely cases, sheaths and housings for all the aforementioned goods; safety, security, protection and signalling devices, namely security alarms, luminous or mechanical signs; diving equipment, namely, diving snorkels, diving goggles, diving helmets and swimfins; navigation, guidance, tracking, targeting and map making devices, namely, navigation apparatus for vehicles in the form of on-board computers, compasses, directional compasses, audio receivers and parts and fittings for all the aforementioned goods and special purpose containers of leather, metal, plastic, textiles and paper, namely cases, sheaths and housings for all the aforementioned goods; measuring, detecting and monitoring instruments, namely, electronic controllers for furnaces; scientific research and laboratory equipment, namely, textile testing machines.

(2) Precious metals; statues of precious metal; figurines (statuettes) of precious metal; boxes of precious metal; badges of precious metal; key rings (trinkets or fobs); works of art of precious metal; jewellery; chains (jewellery); earrings; rings (jewellery); bracelets (jewellery); necklaces (jewellery); precious stones; semi-precious stones; diamonds; agates; pearls (jewellery); paste jewelry (costume jewelry); cuff links; tie pins; coins; horological and chronometric instruments, namely, watches, clocks, chronometers, pendulums, stopwatches, sundials, wrist watches; clocks; watches; chronometers; wrist watches; watch straps; clock cases; cases for clock- and watch making; jewelry cases [caskets]; gemstones, pearls and precious metals and imitations thereof; other articles of precious metals and precious stones and imitations thereof, namely statues and figurines, made of or coated with precious or semi-precious metals or stones, or imitations thereof, ornaments, made of or coated with precious or semi-precious metals or stones, or imitations thereof, copper tokens; jewellery boxes and watch boxes; watch parts.

(3) Clothing, namely, tee-shirts, blouses, sweaters, anoraks, jackets [clothing], coats, dresses; knitwear, namely, knit skirts, knit pants, knit dresses, knit face masks, knit jackets, knit shorts, knit tops, knit caps, knit gloves, knit underwear, knitted cardigans; aprons (clothing); trousers; shorts; skirts; tops, namely tank tops, hooded tops, shirts, halter tops, crop tops, tube tops; braces for clothing [suspenders]; corselets; corsets [underclothing]; belts (clothing); money belts (clothing); sun visors; sportswear, namely sports singlets, sports jerseys, sports shirts; clothing of leather, namely, leather pants, leather jackets and leather boots; outerclothing, namely, rain ponchos, rain jackets and wind-resistant jackets and pants; socks; uniforms, namely, baseball uniforms, football uniforms, hockey uniforms, school uniforms, sports uniforms, uniforms for medical personnel; clothing for gymnastics; cyclists' clothing; motorists' clothing, namely, motorcycle gloves, motorcycle jackets, motorcycle boots, motorcycle rain suits, motorcycle pants; footwear, namely shoes, sandals, flip-flops, slippers, sneakers, bootees, boots, sports shoes, sports boots, namely football boots and studs, ski boots, climbing boots, basketball boots; sandals; slippers; sports shoes; boots for sports; football boots; studs for football boots; ski boots; non-slipping devices for footwear, namely cleats and anti-slip soles and straps; headgear, namely, caps [headwear], hats, hoods, headbands; bandanas; metal buckles for footwear, metal buttons for footwear, metal zippers for footwear, metal rivets and eyelets for footwear; parts of clothing, namely, ready-made linings.

Goods

Class 09

Computer hardware and computer peripherals, namely hubs, switches, routers, servers; computer software that operates on computer hardware, computer peripherals, namely hubs, switches, routers, servers, and virtual computer networks to enhance network security, network performance, and network scaling for use in the field of data, computer and computer network security; computer software for enhancing computer network and security performance for use in the field of data, computer and computer network security; software for enhancing computer network and security performance; computer network virtualization software for enhancing network security, network performance and network scaling and to maintain security over or in computer networks; data security virtualization software for use in recording and compiling data analytics on computer networks and virtual networks; data management software

SERVICES

Class 42

Computer services, namely, design and development of computer software; computer services, namely, design and development of computer software for use in the field of data, computer and computer network security; computer services, namely, design and development of software for enhancing computer network and security performance; computer services, namely, design and development of network and security virtualization software, and software for creating virtual computer networks and for enhancing network and security performance; computer and computer network security services, namely, enforcing, restricting, and controlling access privileges of users of computing resources for cloud, mobile, or network resources based on assigned credentials; computer network and security virtualization services, namely, providing connectivity, encryption, and overlay topologies across different network environments; data management services, namely, providing temporary use of on-line non-downloadable cloud computing software for data management; data analytics, namely, services for analyzing, indexing and making searchable data from application software, computer servers and computer network infrastructure; providing virtual computer systems and virtual computer environments through cloud computing

CLAIMS

Used in CANADA since at least as early as December 2014 on services. Priority Filing Date: UNITED STATES OF AMERICA December 07, 2015, Application No: 86841595 in association with the same kind of goods and in association with the same kind of services. Used in UNITED STATES OF AMERICA on goods and on services. Registered in or for UNITED STATES OF AMERICA on September 19, 2017 under No. 5291736 on goods and on services. Goods

Class 06

(1) Metal water pipes; Chains, construction cables, metal pipe fittings, anchors, pipe tubes, metal utility poles, platforms of metal for offshore drilling, storage containers, storage tanks and copings, all made of metal, for civil engineering; Building materials, namely composite wall and floor panels composed primarily of metal; Couplings of metal for chains, pipes and tubes, pipe coupling of metal, metal sealing rings and sealing alloys, for use in civil, maritime and industrial engineering; Materials of metal for railway construction; Materials of metal for road construction, namely road coverings of metal;

Class 07

(2) Concrete construction machines; Agricultural machines, namely, cultivators, harvestors, disk harrows and seeders; Earth moving machines, namely, graders, loaders, scrapers and excavators; Machines for gas and oil extraction, namely, drilling rigs for oil and gas extraction; Drills for the

mining industry; Construction vehicles, other than for transportation purposes, for road, railway and vessel construction and civil engineering, namely bulldozers, cranes, excavators, dump trucks; Dredging machines; Marine engines and parts and fittings thereof;

Class 12

(3) Land vehicles and structural parts therefor, namely cars and trucks; Trucks; Vessels, namely cargo ships, container ships and offshore vessels; Unmanned land vehicles; Vehicle cabs, namely cabs for cranes and forklift trucks; Vehicles for lifting, namely cranes and forklift trucks; Construction vehicles for transportation purposes, namely buses and pick up trucks; Dredging vessels; Vehicles for asphalting, namely steam rollers and trucks;

Class 19

(4) Building materials, namely, wall, hardwood, decking, wood and particle boards, plastic pipe supports, composite wall, floor and roofing panels composed primarily of timber, glass, hardboard and concrete, marble, stone veneer for use on floors, walls and exterior surfaces; Rigid pipes made of concrete and plastic for building; Non-metal pipe couplings and joints; Asphalt; Nonmetallic transportable constructions, namely, prefabricated houses, buildings and platforms; Industrial concrete for use in civil engineering works; Fabrics for use in civil engineering (geotextiles); Railway sleepers not of metal; Materials for making and coating roads, namely, concrete road pavement boards, crash barriers of concrete, wood and plastic for roads, non-metal road signs [not luminous nor mechanical], glass granules for road marking and polymeric bitumen emulsions for road surfaces;

SERVICES

Class 35

(1) Advertising consultation; Commercial assistance in business management; Administrative accounting; Arranging subscriptions to telecommunication services for others; Personnel consultancy; Business management and organization consultancy; Data encryption; Business project management services for construction projects; Bookkeeping; Demonstration of drilling and construction equipment used for road and railway construction and used in the oil and gas industry; Economic forecasting; Goods import-export agencies; Market analysis; Market research; Compilation of statistics for business and commercial purposes; Personnel recruitment; Financial sponsorship of construction projects; Rental of advertising space; Business consultancy in the field of real estate, civil engineering, railway construction, road construction, cargo ships, container ships, environmental conservation, production and distribution of electrical energy, urban development of residential areas, and provision of telecommunication facilities;

Class 36

(2) Insurance brokerage services; Financial investment counseling; Real estate brokerage; Insurance consultation; Real estate agency services; Real estate management services; Securities lending; Stock brokerage services; Stock exchange quotations; Financial management; Financial analysis; Capital investment; Financial planning for retirement; Marine insurance brokerage services; Financial sponsorship of real estate, civil engineering, railway construction, road construction, cargo ships, container ships, environmental conservation, production and distribution of electrical energy, urban development of residential areas, and provision of telecommunication facilities; Financial valuations; Real estate services, namely, rental of commercial property, offices and office space; Financial management and investment services in the field of real estate, civil engineering, railway construction, road construction, cargo ships, container ships, environmental conservation, production and distribution of electrical energy, urban development of residential areas and provision of telecommunication facilities;

Class 37
(3) Construction, repair and installation of roads, railways, pipelines, cargo ships, container ships, residential areas; Construction of civil engineering structures, namely, residential and commercial buildings, roads and railways, bridges, tunnels, sluices, cables and wires; Dredging; Construction and renovation of homes, apartments, offices, schools and hospitals; Construction project management services in the field of construction of vessels; Construction project management services in the field of construction of offshore oil and gas facilities; Construction and maintenance of cables and pipes made of metal and plastic for sewers, the transportation of oil and for drainage; Asphalting; Construction consultancy services with respect to the construction of residential and commercial buildings, roads and railways, bridges, tunnels, sluices, cables and wires; Cleaning of buildings, building exterior surfaces, houses, industrial premises, construction sites, commercial premises, vehicles and roads; Construction of roads; Maintenance and repair of roads; Rental of construction machines used for the construction of residential and commercial buildings, roads and railways, bridges, tunnels, sluices, cables and wires; House and building demolition; Demolition services, not buildings;

Class 39
(4) Transport and delivery of building materials; Transport of passengers by road, air and rail; Waste management contracting services; Freight train loading services; Transportation of container and off shore ships by towing; Ship chartering; Loading of cargo containers on trains;

Class 40
(5) Metal treatment, namely melting, casting, tempering, buffing, refining; Fuel treatment services; Treatment of materials in the field of boat construction, namely, weatherproofing and waterproofing of wood, plastic, acrylic and synthetic resins; Treatment of waste water; Custom construction of construction machines; Environmental remediation services, namely, treatment of soil, waste and water;

Class 42
(6) Scientific research and development in the field of construction, civil engineering, railway construction, road construction, environmental conservation, production and distribution of electrical energy, urban development of residential areas, and provision of telecommunication facilities; Scientific and technological services, namely, scientific research, analysis, testing in the field of construction, civil engineering, railway construction, road construction, cargo ships, container ships, environmental conservation, production and distribution of electrical energy, urban development of residential areas, and provision of telecommunication facilities; Industrial design services; Software design and development; Design and development of computer hardware; Civil engineering; Consulting in the field of civil and mechanical engineering; Road inspection services;

Goods

Class 09

Information technology equipment, namely, computer hardware and audiovisual equipment, namely, audiovisual receivers, audio amplifiers, video projectors, audio/video cable connectors, audio speakers and parts and fittings for all abovementioned goods; apparatus, instruments and cables for electricity, namely, electric wires, electrical converters, electrical plugs and sockets and parts and fittings for all abovementioned goods; electromagnetic coils, igniting apparatus, namely, electric fire igniters for igniting at a distance, electrical cables, electronic transformers (electricity), electricity indicators, branch boxes (electricity), junction boxes, limiter (electricity), anti-interference devices [electricity], namely, filters for radio interference, suppression and static electricity illuminators, electromagnetic measuring detectors, precision measuring apparatus, namely, pressure gauges, pressure sensors, motion sensors, optical sensors, temperature sensors, velocity sensors, signaling, checking and teaching apparatus and instruments, namely, calculators and parts and fittings for all abovementioned goods; apparatus, devices and instruments for recording, transmitting, delivery or reproduction of sound or images, namely, CD players , DVD players, MP3 players, digital audio players, audio recorders, namely, audio tape recorders, audio and video cassette recorders, video cameras and parts and fittings for all abovementioned goods; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity, namely, computer network adapters, adapter plugs, Ethernet adapters, video cable adapters, conduits, connection and distribution panels, electric accumulators, electric power converters and inverters, electrical pipes, electrical couplings, electrical capacitors, electrical conductors for transformers, power poles, power plants and power supply systems, electrical cables, multimetres and parts and fittings for all abovementioned goods; data processing equipment and accessories (electrical and mechanical), namely, computer scanners, laser scanners, optical scanners, peripherals adapted for use with computers, namely, external disk drives, scanners, printers, mice, keyboards, computer components and parts and fittings for all abovementioned goods; computers; computer networking and data communications equipment, namely, network routers, wide area network (WAN) routers, Network switches, powerline adapters and parts and fittings for all abovementioned goods; signal cables for IT, AV and telecommunications, namely, audio/video cables, telephone cables, network cables and optical cables and parts and fittings for all abovementioned goods; modem for the connection of computers, telephones, fax machines and remote monitored devices to communication devices, data carriers and parts and fittings for all abovementioned goods; electronic publications (downloadable), namely, digital magazines, e-books and parts and fittings for all abovementioned goods; recorded software, namely, software for home-automation, software for controlling and managing remote-controlled home appliances, heating, shades, windows, doors, computer games and video games, software for creating virtual reality games and parts and fittings for all abovementioned goods; recorded data, namely, floppy discs, hard discs, computer chips, CDs, DVDs featuring films, computer games, movies and parts and fittings for all abovementioned goods; electricity measuring instruments, namely, ammeters, frequency meters, voltmeters, wattmeters and parts and fittings for all abovementioned goods; computer databases (recorded and unrecorded), namely, computer software and databases for use in diagnosis, repair and configuration of computers, computer software for database management and parts and fittings for all abovementioned goods; blank smart cards and blank integrated circuit cards and parts and fittings for all abovementioned goods; magnetic encoded cards, namely, service and identification cards, encoded magnetic cards, namely, magnetically encoded debit cards, magnetically encoded phone cards, smart cards, namely, telephone smart cards, identification smart cards, sound and image carriers (recorded and unrecorded), namely, DVDs, compact discs, audio tape recorders, audio cassette recorders, digital video recorders, and CD players and parts and fittings for all abovementioned goods; electronic games (software) and play apparatus, namely, game consoles, controllers for game consoles, virtual reality headsets as accessories for an external screen monitor and parts and fittings for all abovementioned goods; magnetizers and demagnetizers and parts and fittings for all abovementioned goods; optical devices, namely, optical character readers, optical condensers, optical scanners, optical sensors, optical cables, enhancers and correctors, namely, graphic cards, video cards and parts and fittings for all abovementioned goods; safety, security, protection and signalling devices, namely, security alarm systems for businesses and stores, home security alarm systems, personal medical alarm alert systems, emergency signal transmitters and parts and fittings for all abovementioned goods; navigation, guidance, tracking, targeting and map making devices, namely, global positioning system (GPS) consisting of computers, computer software, transmitters, receivers, and network interface devices, global positioning system (GPS) receivers, global positioning system (GPS) satellites, global positioning system (GPS) transmitters and parts and fittings for all abovementioned goods; controllers (regulators), namely, heating system controllers, air condition controllers, electronic speed controllers, voltage regulators for electric power and parts and fittings for all abovementioned goods; scientific research and laboratory apparatus, namely, microscopes and parts thereof, laboratory trays, laboratory test tubes, laboratory flasks, educational apparatus and simulators, namely, flight simulator and parts and fittings for all abovementioned goods.

SERVICES

Class 35

(1) Advertising, namely, advertising the goods and services of others, advertising on the Internet for others; market research services; promotional services, namely, promoting the sale of goods and services through a consumer loyalty program, promoting the sale of goods and services through promotional contests and the distribution of related printed material; professional business and/or organizational consulting services in the field of advertising and marketing; publication of publicity texts; providing information in the field of home automation and home energy production and management; writing of publicity texts; business management; arranging and conducting trade shows and exhibits for commercial and advertising purposes for others; sales demonstration of computer hardware; presentation of goods for advertising purposes, namely, electronic billboard advertising of the goods of others; press advertising the goods and services of others in

magazines, journals and daily newspapers; advertising the goods and services of others via radio and television; telephone answering for unavailable subscribers; office functions, namely, accounting services, bookkeeping, payroll preparation, photocopying, computerized file management; trade show organization of trade fairs and exhibitions for corporate offices for advertising the goods and services of others; business consultancy and advisory services in business matters in the fields of communication technology and the energy sector; services of property developers, in particular organizational preparation of building projects; business services for third parties for the procurement of energy and fuels via pipeline networks, via tubing networks, via service contracts for other companies; business consultancy for third parties in the field of the production, procurement, transport and use of energy and water; business advisory services for the optimization of heat generating plants; marketing services, namely, marketing analysis, marketing studies, planning of marketing campaigns in the field of waste removal, wastewater treatment, contaminated sites remediation services, particularly the recovery and removal of waste; business administration assistance, management services, business administration and management; business analysis, research and information services in the fields of home and office automation, energy, gas, water and wastewater; business management and company behavior management for third parties, in particular in the fields of energy, gas, water and wastewater; business management and company behavior management for third parties, in particular of heat generating plants; heating cost billing (consumption billing) for third parties; payroll preparation; organization of the access to pipeline networks of third parties (administrative service); conduction of commercial services, in particular billing of energy supply for third parties; processing purchase and selling orders for others in the field of energy supply; cost price analysis in the field of energy procurement and supply; compilation of statistics in the field of energy procurement and supply; procurement services for others (purchasing goods and services for other businesses) in the field of energy procurement and supply; mediation of trade business and contracts for third parties in the field of energy procurement and supply, particularly mediation of contracts for transport capacities, transportation services via pipeline networks, storage capacities and gas structuring services, also in connection with e-commerce for third parties; business management of power plants for the generation, conduction or supply of electric and/or thermic energy, gas or water for third parties; commercial trading and consumer information services in the field of energy, namely, electricity, petroleum, gas, water and wastewater by pipeline and cable, auctioneering services, rental of vending machines, organization of auctioneering services, collective buying services, commercial evaluation services, namely, business appraisal and evaluations and business matters, agency business, namely, import-export agencies in the field of energy, negotiations and agency services, namely, negotiation of business contracts and commercial transactions for third parties, price comparison services, electricity and natural gas procurement services for third parties; business analysis, research and information services in the field of home and office automation, energy, namely, electricity, petroleum, gas, water and wastewater; rental, letting and leasing of home and office automation devices, measuring and controlling devices for heating systems, doors, shades, windows, air condition systems; consulting and information in regard to home and office automation energy management and energy distribution.

Class 39

(2) Distribution of energy, namely, electricity, petroleum, gas, water and wastewater by pipeline and cable, gas, water and wastewater by pipeline and cable and consulting and information in regard to the aforementioned services; transportation of goods by air, sea and land, namely, truck transportation and consulting and information in regard to the aforementioned services; water distribution and supply and consulting and information in regard to the aforementioned services; storage of waste from power plants and consulting and information in regard to the aforementioned

services; transportation and filling of oil tanks (storage) and consulting and information in regard to the aforementioned services; supply chain logistics services in the transportation sector through a utility company or through municipal utilities, in particular by supplying municipalities, private households, businesses and industry with electricity, gas, water and district heat and consulting and information in regard to the aforementioned services; storage, transportation, distribution and delivery of energy, namely, electricity, petroleum and fuels by cable networks and by service contracts with third parties and consulting and information in regard to the aforementioned services; storage, transportation, distribution and delivery of energy, namely, electricity, petroleum and fuels by pipelines and by service contracts with third parties and consulting and information in regard to the aforementioned services; storage of fuels, coal, electricity, heat, gas and consulting and information in regard to the aforementioned services; rental of pipeline networks (energy distribution networks) for the purpose of energy transportation and consulting and information in regard to the aforementioned services; packaging and storage of goods, namely, rental of storage containers, supply chain logistics and revers logistics services consisting of the storage of goods for others by air, rail, ship or truck, warehouse storage services and consulting and information in regard to the aforementioned services; rental of motor vehicles, ships and air planes and consulting and information in regard to the aforementioned services; rental of garages and car parks and consulting and information in regard to the aforementioned services; transportation and distribution of grid gas, natural gas and liquefied natural gas, electricity, water and district heat and consulting and information in regard to the aforementioned services; transportation of waste and consulting and information in regard to the aforementioned services; operation of landfill sites, namely, storage of waste oil, waste and consulting and information in regard to the aforementioned services; remediation of contaminated soils by removal and storage of the contaminated soils on landfills and consulting and information in regard to the aforementioned services; parking and vehicle storage, mooring and consulting and information in regard to the aforementioned services.

Class 42

(3) IT services, namely development, programming and implementation of software, development of computer hardware, hosting services and software as a service, namely, software in the field of home automation and home energy production and management and rental of software, rental of computer hardware and systems, IT consultancy, namely, IT consultancy in the field of home automation and home energy production and management, advisory and information services and consulting and information in regard to the aforementioned services; IT security, protection and restoration, namely, computer network security services, protection services, namely, digital watermarking, namely, embedding and deleting electronic water markers in digital media contact with computers and computer system data backup and data restoration services, data duplication and conversion services, data coding services, computer analysis and diagnosis, development and implementation of computers and computer systems, computer project management services, data mining, technological services related to computers, namely, technical support services in the form of computer hardware and software problems, updating of memory banks of computer systems, data migration services, updating websites for third parties, monitoring of computer systems by remote access and consulting and information in regard to the aforementioned services; technical planning of pipelines for gas, water, wastewater and of telecommunications lines and consulting and information in regard to the aforementioned services; mineral exploration services and exploration for energy and resulting substances and products, as well as all types of chemical and petrochemical products and consulting and information in regard to the aforementioned services; engineering consultancy regarding the field of the conservation of energy and environmentally friendly and/or efficient energy generation for consumers and companies and consulting and information in regard to the aforementioned services; monitoring of production

processes, in particular injections and withdrawals as well as the technical controlling of gases and liquids for transportation purposes and consulting and information in regard to the aforementioned services; engineering services, in particular technical calculations, namely planning, building and maintenance of building projects, in particular of landfills, power plants, power supply lines, sewer pipes, water pipes and consulting and information in regard to the aforementioned services; research in the field of environmental protection and consulting and information in regard to the aforementioned services; development of software for data processing, in particular software in the field of energy purchase, energy supply, energy delivery and energy transport and consulting and information in regard to the aforementioned services; engineering security services, in particular engineering consultancy in the field of security and consulting and information in regard to the aforementioned services; technical planning of buildings and infrastructure systems for sewerage systems, septic systems and power plants; engineering consultancy, conducting engineering surveys and engineering calculations in the field of the generation, acquisition, transport and use of energy, namely, electricity, petroleum, gas, water and wastewater and consulting and information in regard to the aforementioned services; technical planning of heat generation plants and consulting and information in regard to the aforementioned services; technical consultancy to optimize heat generation plants and consulting and information in regard to the aforementioned services; technical supervision of industrial machinery in the fields of energy, namely, electricity, petroleum, gas, water and wastewater and of heat generation plants and consulting and information in regard to the aforementioned services; research and development services in the field of home and office automation, energy distribution and waste management and consulting and information in regard to the aforementioned services; analysis for oil-field exploitation and consulting and information in regard to the aforementioned services; engineering services in the fields of energy technology, electrical engineering, building technology, communication technologies and environmental engineering as well as mechanical engineering, plant engineering and equipment engineering and consulting and information in regard to the aforementioned services; technical consultancy in relation to the production of semiconductors, generators, batteries, plants and facilities in the fields of energy technology, electrical engineering, building technology, communication technologies and environmental engineering as well as mechanical engineering, plant engineering and equipment engineering, exploration of mineral resources as well as of other raw materials, namely, mineral resources as well as of other ores and of energy and of resulting substances and products, as well as all types of chemical and petrochemical products and consulting and information in regard to the aforementioned services; engineering services, namely planning, building and maintenance services, in particular in the fields of gas transportation, the supply of gas, heat and energy, namely, electricity, petroleum as well as the use of natural gas and consulting and information in regard to the aforementioned services; testing, authentication and quality control, namely, providing quality assurance in the energy, gas, water and sewage industry, computer industry and consulting and information in regard to the aforementioned services; design services, namely, design and development of computer software, design and development of home and office automation software, design and development of computer game software, design and creating web sites for others, database design and development, design of computers and consulting and information in regard to the aforementioned services.

Goods

Class 01
(1) Putties, fillers and pastes for use in industry; glues and cements for industrial purposes; cements and adhesives for affixing tiles; adhesives for paperhanging and plastering ; adhesives for use in building and construction.

Class 03
(2) Cleaning preparations, namely, disinfectant wipes, bleaching preparations; carpet cleaning preparations; household detergents; industrial soaps; laundry soap.

Class 06
(3) Storage boxes of metal; metal hardware, namely, bolts, nails, screws, wall anchors, and rivets; metal tent pegs.

Class 08
(4) Cutlery, knives, forks, spoons; can openers; axes.

Class 09
(5) Signalling whistles; electric storage batteries; power packs; compasses; welding safety equipment, namely, welding helmets, welding goggles, welders' gauntlets, welders' aprons; heavy

duty construction and sheet metal handling gloves and gauntlets; fall arrest and restraint equipment, namely, belts, harnesses, lanyards, scaffold hooks, and karabiners; safety hard hats; forestry helmets; mesh safety visors and full face clear visors for use with cutting and shredding equipment; hair nets, beard nets.

Class 11

(6) Heating and cooking apparatus, namely, burners, heaters, portable gas burners; lighters, fire lighters, friction lighters for igniting gas; lighting and lighting reflectors; torches.

Class 17

(7) Packing, stopping and insulating material, namely, seals, sealants and fillers; adhesive sealants, joint sealants, polyurethane sealants; caulking materials and compounds; non-metallic flexible hoses.

Class 18

(8) Portable water carriers; boxes for storage purposes; plastic storage boxes; mattresses, pillows, cushions, sleeping mats, sleeping bags; furniture for camping, stools, folding stools, folding chairs.

Class 20

(9) Tableware, cookware, cooking pans; gloves for cleaning; dispensers for cleaning products; brushes, cloths, wipes for cleaning purposes.

Class 22

(10) Tarpaulins, awnings, tents, camping tents, ropes, strings, ground sheets.

- Quadrilaterals with dark surfaces or parts of surfaces
- Backgrounds divided into two, horizontally
- Inscriptions in Chinese or Japanese characters
- Red, pink, orange
- White, grey, silver

- Black

Colour Claim

Colour is claimed as a feature of the trademark. In particular, the colours red, white and black are claimed as features of the mark. The trade-mark consists of a square label with a semi-circle in the top left hand corner in which the word NISSIN appears in a stylized form with Asian characters appearing horizontally beneath. Larger Asian characters run vertically down the centre of the label, and a bowl of noodles appears in the bottom right hand corner of the label. There is a wavy horizontal line bisecting the background of the label. The background above that line is red, and below is white. The outline of the semi-circle, the word NISSIN and the horizontal Asian characters are all in white, and the vertical Asian characters are in black with white outlines.

Foreign Character Transliteration

As provided by the applicant, the transliteration of the Chinese characters under NISSIN is "NISSIN SHOKUHIN"; The transliteration of the larger Japanese katakana characters descending vertically in the left column is "RAMEN"; The transliteration of the smaller Chinese characters descending vertically in the left column is "RAMEN"; The transliteration of the Chinese characters descending vertically in the right column is "NISSIN". The tranlsation of "RAMEN" means a kind of noodle

- White, grey, silver
- Black

Colour Claim
Colour is claimed as a feature of the trademark. The trade-mark is shaded to give the appearance of the features being three-dimensional, with the light shining from the upper left above the mark, and the viewer being beneath the middle of the mark. The letters of the word CLASH are light gray, medium gray, and black, as represented by the lighter to darker shades, respectively, in the drawing. The letters of the word ROYALE, the frame of the crest, and the crown in the crest are yellow, gold, light brown, and dark brown, as represented by the lighter to darker shades,

respectively, in the drawing. In the crest, the background colours behind the crown are blue and dark blue, as represented by the light and dark shades, respectively, in the drawing. The words and the crest are outlined in black.
